

## Finlay MacLaren Anderson | CONSULTANT

4022 N.E. 8th Avenue • Portland, Oregon 97212 • (503) 335-5806 • [fanderson@longviewassociates.com](mailto:fanderson@longviewassociates.com)

**PROFILE** Planner – Process support for and coordination of stakeholder consultation activities • Over 13 years of strategic planning and communication experience with public and private sectors around natural resource issues • Background in oceanography, marine resource management and coastal economic development

**EXPERIENCE** **Implementation Consultant to Portland General Electric for implementation of Settlement Agreements (Agreement) for the Willamette Falls Hydroelectric Project (FERC No. 2233) and Pelton Round Butte Hydroelectric Project (FERC No. 2030).**  
Provide strategic planning and facilitation of internal client teams and meetings involving parties to the Agreement. Assist with license compliance through project management support, including development of communications protocols. Assist with drafting study plans and requests for proposals for technical contractors. Develop framework for building compliance record and structure for reports to meet FERC reporting requirements. 2004–present.

*Client reference and contact:* David Heintzman, Project Manager, Hydro Licensing, Portland General Electric, (503) 464-8162

**Licensing support for Chugach Electric Association’s Cooper Lake Hydroelectric Project relicensing.**

Researched entrainment risk factors associated with comparable hydroelectric facilities and identified opportunities for utilizing entrainment survival trends using EPRI’s Turbine Entrainment and Survival Database. Outlined and drafted preliminary evaluations of fish entrainment potential at penstock intakes. Assisted with development of Draft License Application, including assistance with document preparation and identification of background material and final study reports for incorporation into DLA. 2003–2004.

*Client reference and contact:* Burke Wick, Plant O&M Supervisor, Cooper Lake Relicensing Project Manager, Chugach Electric Association, (907) 762-4779

**Public Involvement Consultant to Lower Columbia Estuary Partnership, Zenn Associates.**

Provided project management, coordination, and technical writing for public involvement campaigns. Planned and facilitated habitat assessment workshops for Western Oregon tributaries; compiled workshop results with existing watershed plans, and recovery documents from the Willamette/Lower Columbia Technical Review Team; facilitated integration with Mainstem Lower Columbia River and Columbia River Estuary Subbasin Plan. 2003–2004.

*Client reference and contact:* Debrah Marriot, Executive Director, Lower Columbia Estuary Partnership, (503) 226-1565, Ext. 227

**EXPERIENCE (cont.)** **Operations Planning Manager, Stream International. Provided leadership, tools and resources for three planning departments and staff of 21.**

Forecasted staffing requirements and scheduled 1,400+ technicians. Consulted with clients to robust forecasting processes. Coordinated management strategies that balanced client's goals with internal financial drivers. Directed strategic planning discussions with service delivery teams. Restructured departmental functions and responsibilities to meet identified goals. Developed and implemented additional analytical tools to enable teams to meet service delivery goals. 1997–2002.

*Client reference and contact:* Jaré Buckley Cox, Vice-President for Quality and Training, Solectron Global Services, (503) 504-1885

**Consultant to Oregon Coastal Zone Management Association and Oregon Economic Development Department.**

Served as Executive Director for the Pacific Northwest Seafood Association, under grant from Oregon Economic Development Department, to develop regional strategic planning capacity for coastal economic development efforts related to the seafood industry. Directed all aspects of organizational development of non-profit trade organization including public relations; marketing; program management and research coordination; development of member services; fundraising and strategic planning; industry communication and coordination; liaison with state, county and local agencies; and policy analysis. 1995–1997.

*Client reference and contact:* Jay Rasmussen, Associate director and Extension Sea Grant program leader, (541) 867-0368

**Marine Policy Fellow, United States House of Representatives, Committee on Merchant Marine and Fisheries (National Sea Grant College Program).**

Drafted legislation, staffed subcommittee hearings, wrote committee reports, and assisted in policy development on a variety of fish and wildlife issues. Project work emphasized Pacific Salmon Treaty, anadromous fish habitat, tribal resources management, National Biological Survey authorization and budget. 1994–1995.

*Client reference and contact:* Robert Malouf, Director, (541) 737-3396

**EDUCATION** *Master of Science, Marine Resource Management.* Oregon State University (1995)  
*Bachelor of Science, Biological Sciences.* University of Puget Sound (1988)
